

BILL

132

Ontario is poised to pass one of the cruelest dog laws in the world.

If passed Bill 132 will:

- ⊗ Kill a lot of innocent dogs.
- ⊗ Make animal research facilities the only place that can ultimately own a non-grandfathered "pit bull".
- ⊗ Grant new powers of search and seizure that apply to all "menacing: dogs

**Bill 132 isn't just about "pit bulls".
This law will affect all dog owners.**

Where will it stop?
